

DHA BOOSTER DROPS

PROFESSIONALS

MSRP \$18.00

PRO \$15.00

FORMULATION OVERVIEW

These 50% DHA Booster drops are formulated to give an extra boost of DHA to the solution of choice. Customize any solution, any time to achieve the perfect shade. Many mobile and salon technicians will have DHA Booster Drops on hand to achieve any color-tone for their clients.

HOW TO USE: Add two full droppers for every 1 ounce of solution used to increase your color level by 1%.

PRO-TIPS: When boosting more than 1-2% of solution, we suggest mixing solutions for a more cost-effective alternative

HIGHLIGHTED INGREDIENTS

DIHYDROXYACETONE

Derived from sugar cane and sugar beets: DHA for short, reacts with the skin's amino acids and uppermost exposed layer of the skin.

PHENOXYETHANOL

Derived from sage essential oil. Classified as a safe and effective food-grade preservative.
