

# ICON RESERVE: TIER 1

OLIVE UNDERTONES | ALCOHOL BASED | 8-HOUR DEVELOPMENT

---

## FORMULATION OVERVIEW

Sjolie Icon Reserve will cater to those clients who do not like the benefits the Aloe Vera based solutions provide them. Because of the Alcohol content, this solution will leave the client feeling dry immediately after application while providing them with the same gorgeous golden glow the Aloe Blend delivers. Tier One contains 10% DHA making it great for medium skin tones. This solution is very versatile throughout the year for medium complexions.

**HOW TO USE:** Apply pH Balancing Spray and Barrier Cream. For a full-body tan, use 2 oz. of solution per client. Increase as needed. Apply 1-coat of solution, and do not oversaturate. Increase DHA % to darken tan results, do not layer.

**PRO-TIPS:** If your client is still feeling slightly tacky, apply baby powder following their spray tan session. Using a pad of some sort, apply powder to the underarms, inner wrists, and behind the knees.

## PROFESSIONALS

MSRP \$40.00

PRO \$32.00

COST PER USE \$2.00

## SUITABLE SKIN TYPES

### SKIN TYPE 2

- Fair complexion
- Light eyes & Hair color

### SKIN TYPE 3

Most common skin type

- Fair to Medium complexion
- Eye and hair color vary
- Sometimes burns, gradually tans

## HIGHLIGHTED INGREDIENTS

### DIHYDROXYACETONE

Derived from sugar cane and sugar beets: DHA for short, reacts with the skin's amino acids and uppermost exposed layer of the skin.

### GLYCERYL STEARATE

Derived from vegetable fatty acids helps to sooth and soften the skin. Also, used as an emulsifier.

### TOCOPHEROL ACETATE (VITAMIN E)

Used as a stabilizer and emulsifier.
